

# BROTHERHOODS EXPECT ONE IN EVERY 12 NOT TO STRIKE; ALMOST BLOODLESS REVOLUTION TRANSFORMS RUSSIA

## TRAINMEN AND MANAGERS ARE MARKING TIME WATCHING FOR ACTION BY PRESIDENT WILSON

Order to Begin Series of Strikes  
Saturday Night Still in  
Effect.

### MAY BE NEW CONFERENCE

Each Side Said to Be Open to an  
Offer From the Other; Lee Says  
the Brotherhoods Expect Only One  
in 12 Employees to Refuse to Go Out.

By Associated Press.

NEW YORK, March 16.—Both sides in the threatened railroad strike controversy expressed a willingness today to hold further joint conferences, although the situation this morning was devoid of any suggestion that a compromise would be reached which would avert a strike.

Indications were unofficially that both the railroad managers and the brotherhood chiefs were marking time pending any possible action by President Wilson and with each group prepared to respond to overtures from the other side.

Reports from Kansas City and other points in the west that some of the employees were unwilling to obey a strike call were met by a statement by W. G. Lee, president of the Brotherhood of Railroad Trainmen, that the leaders expected at least one in 12 to refuse to strike.

"Don't forget history says our savior found one Judas among 12 he selected," said Mr. Lee.

"We therefore do not hope to heat this record and we look for at least one in 12. The only way to determine whether our men are in earnest is to count noses Sunday and thereafter."

"Don't forget that we left the entire matter to President Wilson last August and agreed to abide by his proposed terms. The railroad refused to settle the question. I have since publicly proposed to leave the entire controversy to President Wilson to say personally whether we should have the eight hour day in freight and yard service without reduction of the present daily rate. The railroad seemingly prefer a strike rather than to abide by President Wilson's suggested method of settlement. Who is disloyal to the government?"

Both the railroad and the brotherhood chiefs held separate conferences all the forenoon but no overtures of a resumption of a joint meeting came from either side. The situation seemed to be that each group was waiting for the other to make the first move. Both sides were informed that the President has summoned a cabinet meeting, and indicated they expected some action in Washington.

### OHIO GOVERNOR SAYS

HE WILL SEIZE RAILROADS  
COLUMBUS, O., March 16.—Speaking at a banquet of Columbus Democrats last night, Governor James M. Cox said: "I do not know what course the railroad will take, but by the eternal gods if the threatened railroad strike interferes with our food supply or with the placing of the industrial power of the country behind our President, I'll take possession of the railroads in Ohio, declare martial law and operate them."

### PRESIDENT WILL MOVE

TO PREVENT STRIKE  
WASHINGTON, March 16.—President Wilson is expected to make his first move to prevent the threatened railroad strike after today's cabinet meeting. He had cancelled a regular cabinet meeting when he got reports from the conference in New York and then he suddenly summoned the members for this afternoon. A general impression prevails in official circles that the President before going further will appeal to both railroads and men not to plunge the country into a railroad strike at this critical juncture of international affairs. Further than that his purposes have not been openly disclosed.

Consideration was given by administration officials to possible drastic steps which might be taken to force the operation of the railroads in case the strike comes.

One message suggested was for the government to ask for receiverships if necessary and undertake their operation.

### PITTSBURGH DISTRICT IS

PREPARING FOR STRIKE  
PITTSBURGH, March 16.—Railroads entering the Pittsburgh district were preparing today for the strike of trainmen, which is expected to affect some of them tomorrow night and the remainder on Monday, Baltimore & Ohio

officials said they were ready to operate food trains and hoped to keep others going, their line being one of the first to be brought under the strike order. The Pittsburgh & Lake Erie also was preparing for any eventuality tomorrow night while the emergency organizations formed by the Pennsylvania on the lines east and west of here last August was said to be ready for service the instant the strike order becomes effective on Monday. Threats of a strike have not been taken seriously by many manufacturing companies and if a tieup should come many of them will be compelled to suspend operations almost immediately because of a lack of raw materials.

### P. R. R. MEN SAY LAST YEAR'S

STRIKE VOTE IS NOT IN EFFECT  
GRAFTON, March 16.—The Baltimore & Ohio officials this morning received the following telegram from J. M. Davis, vice president of the Baltimore & Ohio railroad:

"We have reliable information that Pennsylvania employees refused to go out until another strike vote is taken, claiming that the one taken last year is not now in effect."

### DEFOUNCE BROTHERHOODS

AS UN-AMERICAN  
WINCHESTER, March 16.—At a mass meeting of citizens here today the attention of the railroad brotherhoods in calling a strike at this time was denounced as "unpatriotic and un-American."

### MANAGERS COMMITTEE

ADVISES EMBARGOES  
NEW YORK, March 16.—To prevent the possible disorganization of transportation which will be caused by the railroad strike the national conference committee of railway managers has informed railroad that an embargo on all perishable freight is advisable.

This became known after the manager's committee had concluded the forenoon session. It was explained that the committee has no power in the matter and that the adoption of embargoes rested with each road individually.

### DISSENTION REMOVED

IN BROTHERHOOD RANKS  
CHICAGO, March 16.—Persistent reports of dissention in the ranks of the hundreds of local brotherhood chapters attending the executive meeting here today to ratify the strike order were circulated in the corridor of the meeting hall. Timothy Shea, assistant president of the firemen, and other high officials deflected them, but they would not down.

### NATIONAL DEFENSE COUNCIL

DISCUSSES STRIKE SITUATION  
WASHINGTON, March 16.—The Council of National Defense, including several cabinet members, at a meeting here today took up the threatened nation-wide railroad strike, and it was indicated that some action looking to a prevention of the strike might be taken.

### RAILROADERS HERE ARE

DETERMINED TO STRIKE  
The serious nation-wide railroad strike which threatens was reflected here today when little groups of railroad men gathered on street corners, presumably to talk things over. Strict orders have been given, however, by leaders of the brotherhoods, that there shall be no loud discussion, and no information given out.

At division headquarters here, W. O. Schoonover, chief clerk to Superintendent G. L. Easton, stated this morning that preparations were being made for the strike. Just what is being done by the local officials, he declined to state.

A call for a meeting of all railroad men affected by the strike order for 3 o'clock this afternoon in McCrory hall was issued during the day. Headquarters of the local brotherhoods were also opened in the same building.

The idea is to keep the men in touch with the situation at all times. They are not to go near their employers' property once the strike takes them from their work.

In connection with the local preparations by the railroads it will be remembered that when the strike threatened last September the railroads ordered a large quantity of coats, bedding and other equipment for sleeping quarters. This will be used in case of a strike tomorrow if attempts are made to operate trains.

A slight run on the stores followed the reception of the news here that a strike seemed certain. Merchants fear that later in the day there will be a feverish rush on the part of householders to get in a supply before freight shipments stop.

## MURDER TRIAL MOVES SLOWLY

Indications Are That Jury May Not  
Go Out Until Some Time  
Tomorrow.

Special to The Courier.  
UNIONTOWN, March 16.—Indications this forenoon were that the defense in the trial of Martin O'Brien, four weeks old, which was scheduled to begin yesterday probably will go over until next week. This will necessitate the return of the veniremen who have had a strenuous week of petit jury service here during the last five days.

Frank Duranzo, an Italian of Republic testified today for the defense. He said that on Christmas eve he saw Martin and Leonard at 8:45 o'clock in Leonard's automobile in Republic. He said that he and a companion stopped them and asked them to take them to the street car station. Duranzo testified that Leonard and Martin told them that they were in a hurry, stating that they had got a girl passenger and they wanted to get to the Republic station when the street car passed so he was on the car. Duranzo testified that they wanted to find out if he had got on the car at Morristown to fool them.

The witness testified that the car passed the Republic station when the auto was about 150 feet away, and that Martin and Leonard looked for the girl in the car.

It was evident this morning that the defense will be called today for the defense to testify in regard to the injuries which caused the girl's death. Several physicians testified for the commonwealth, and they were rigorously cross-examined by the defense.

## STAGE HANDS BANQUET

About 500 Men Attend Function in  
Saison Theatre.

About 500 men attended the eighth annual banquet of the I. A. T. S. E. No. 177 in Saison theatre last night and they all had a fine time. It was generally conceded to have been the best banquet the stage employees ever held.

The entertainment began shortly after 11 o'clock. This included songs by John Brown and Harry Loudon, dances by Doc Huatton, impersonations by Doc Huatton and Tom Whitman.

After the dancing, a musical program of songs, piano and music by Kiefer's orchestra. Decorations consisted of American flags, Chinese lanterns and a big I. A. T. S. E. emblem hanging over the stage.

A buffet lunch was served throughout the evening and a regular banquet was served on the stage after the program was concluded. The fun lasted until morning.

The committee in charge consisted of Harry Wilson, Michael Cunningham, Oscar Adams, James Graham and Merle Weimer.

## HORSE RUNS OFF.

Young's Delivery Wagon Is Upset in  
South Pittsburgh Street.

Becoming frightened on South Pittsburgh street, a horse drawing J. M. Young's grocery wagon, ran off yesterday afternoon, and had its foot cut making a turn in Porter avenue.

The animal made a quick swerve at the corner, and narrowly missed running into an Adams express wagon driven by Fred Munk. It struck part of the wagon with its foot and suffered a cut. The wagon was overturned and groceries spilled over the streets. The driver was not hurt.

## Changes Not in Effect.

LONDON, March 16.—The abdication of Emperor Nicholas and the appointment of Grand Duke Michael as regent has not yet been carried into effect, although it has been decided upon by the executive power, Andrew Bonar Law, chancellor for the Exchequer, announced today in the House of Commons. He told the House a telegram received from Petrograd said the whereabouts of Emperor Nicholas were unknown.

President Is Well.  
WASHINGTON, March 16.—President Wilson's recovery was today pronounced complete.

Saturday Paddy's Day.  
Tomorrow, March 17 is St. Patrick's Day. Many social affairs are planned.

## CRAWFORD DAY IS OBSERVED IN THE SCHOOLS OF CITY

Students Learn Why Memory  
of Connellsville Pioneer Hero  
Is Revered.

### REV. BURGESS' ADDRESS

Secretary of Crawford Memorial  
Commission Makes Fine Talk in  
High School; Teachers in Grades  
Told of Youth Pioneer-Martyr.

Colonel William Crawford day was celebrated in the Connellsville schools today with appropriate exercises. The day had been set aside as one in which the pupils were to learn of the life of Colonel Crawford, and as a time when they might contribute to the Crawford memorial fund.

Of special interest was the program at the high school chapel exercises this morning. Rev. E. B. Burgess, secretary of the Crawford memorial commission, gave the students an address on the life of Crawford and the settlement of this region.

"On the afternoon of May 31," he said, "it is hoped to dedicate a monument to Colonel William Crawford on the adjoining library grounds. It is desirable that every child should know just what manner of man Crawford was, that he should be so honored."

Rev. Burgess, in telling that Crawford's birth year was 1732, though the month and day on which he was born were unknown, gave a vivid picture of what the young region must have been then, 155 years ago. He described the appearance of the wilderness and told how it had been used by the "Indians," as they were called.

A little group of Delawareans settled here for a time, too, at a spot where the Wilkey farm near the West Side is now located.

Rev. Burgess told just how Crawford made the acquaintance of George Washington, and how Washington had taught him surveying. "No other influenced Crawford as did the first president of the United States," Rev. Burgess said. "In fact, I believe that Crawford gathered his love of the western lands from Washington."

The speaker dropped into Fayette county history as related to the history of the nation, explaining how the first battle of the French and Indian war, which raged for seven years on both sides of the ocean, was fought at Junonville, on Fayette county soil.

Also on Fayette county soil was Ford Necessity, which Washington built when forced to retire after winning the first battle. The French had stationed themselves at what is now Brownsville.

Rev. Burgess described the disastrous expedition of Braddock, and that of General Forbes, in which Crawford, of the French and Indian war, which raged for seven years on both sides of the ocean, was fought at Junonville, on Fayette county soil.

"Crawford wanted to settle in the young region," Rev. Burgess said, "but did not attempt it until 1765, because of the danger from the Indians. Then, with a half-brother, Hugh Stevenson, he surveyed what is now the West Side, and for many years New Haven, and called it Spring Garden. The next spring, he brought his family here."

In telling of the children and descendants of Crawford, Rev. Burgess stated that Anne Crawford, the Colonel's daughter, did not marry Zachariah Connell, after whom Connellsville was named, but married his brother, James Connell.

Crawford was a very distinguished man in pioneer days. Rev. Burgess said. His cabin, near the site of the new Crawford school, was the stopping place for the many famous men who travelled through this section.

In 1770 Crawford was made a justice of the peace. In 1775 he was removed from this office because of his espousal of Virginia's cause in the "border dispute."

"No man in America did more for his country in the Revolution," Rev. Burgess said. "Crawford trained two regiments, then left for the fray himself. He was with Washington at Yorktown."

## COLONIAL WILL OPEN FOR CONCERT

State Permits Royal Gwent Singers  
to Appear There for Playgroup  
Fund.

The Colonial Theatre, recently closed because of non-compliance with state regulations, will be re-opened temporarily on the night of March 26, when the Royal Gwent Welsh Male Singers will give a concert for the benefit of the playgroup fund, and shortly after that, it will probably be regularly re-opened for any assembly or show. Work on the required improvements was begun this morning by the local agents for owners of the theatre.

The State Department of Labor and Industry has given permission to State Factory Inspector James S. Darr and Director of Public Safety M. E. Pryce to grant special dispensation for the concert of March 26 because it is feared that the required changes will not be completed by that time.

Councilman Pryce, however, will place all fire apparatus and firemen necessary in the theatre and will assure himself that there will be positively no danger to the audience. As a matter of fact, there is little danger now in the theatre. It was simply closed because certain demands of the present state law were not complied with.

At a meeting of leaders of the playgroup association yesterday, including John Duggan, S. P. Ashe and Rev. C. C. Buckner, with Mr. Pryce and Mr. Darr, Mr. Pryce was asked to get in touch with the department at Harrisburg, and he did so at once. This morning Inspector Darr received a telegram from Lew R. Palmer, chief inspector of the department of labor and industry at Harrisburg, instructing him that the matter was left to him to "handle in accordance with existing conditions."

Mr. Pryce and Inspector Darr decided at once to allow the theatre to be opened for the night of March 26, provided the necessary improvements were well under way at that time. After that, the officials say, dispensation will be asked for no more. The theatre must come up to state regulations.

The improvements to be made, and upon which work was started this morning, are all minor ones, and include the construction of two standpipes, the widening of the aisles, a general cleanup of the house, new furniture, boiler and toilet facilities. It is possible that all will be completed within a month.

Inspector Darr stated this morning that he had not closed the theatre, but that it had really closed itself, when the owners refused to make the improvements he had recommended.

## HOT FIGHT FOR KEPHART'S JOB

No Less Than a Dozen Aspirants For  
Chief Clerkship in State  
Senate.

Special to The Courier.  
HARRISBURG, March 16.—A lively fight has developed over the selection of a successor to H. M. Kephart of Connellsville as chief clerk of the Senate. Mr. Kephart assumes the office of state treasurer May 1. Nearly a dozen candidates have cropped out for Kephart's job.

The list includes such men as Charles Johnson of Montgomery county, former insurance commissioner, and a strong Fearless follower; Fred McDonald, a Republican county chairman of Chester county; and a follower of Penrose, and Senator T. Larry Byrre, former Congressman from North, or Jefferson county; William Allison of Erie, who was formerly journal clerk of the Senate, and Walter Gaither of Pittsburgh, secretary to Governor Tener and ex-Public Service Commissioner.

In addition to the above Penrose leaders in Armstrong, Fayette, Beaver and Cambria counties are after the place for constituents of theirs.

The position of chief clerk of the Senate pays a salary of \$5,000 a year.

## ROOF CATCHES FIRE.

House on Dickinson Run Hill Is  
Slightly Burned.

The roof of the home of James Stevens, who resides on Dickinson Run hill, was slightly burned this morning when a fire of unknown origin broke out about 8:30 o'clock.

Car inspectors of the Pittsburgh & Lake Erie railroad in the yards at Dickinson Run noticed the house burning and formed a bucket brigade. The damage was slight.

## GRAND DUKE NICHOLAS LOOMS UP AS MILITARY FIGURE OF HOUR IN DISRUPTED EMPIRE

### VETERANS TO MEET.

Spanish War Men May Go to Pittsburg  
on March 29.

Camp Walter E. Brown, Veterans of Foreign Wars, will hold a special meeting Sunday afternoon at 3 o'clock in the West Side fire station, to discuss plans to attend in a body the banquet and celebration of the McKinley post of Pittsburg in that city on March 28.

In previous years members of the local post have gone to the affair singly. This year it is hoped to have the entire post go down.

## SLAG CARS ROLL OVER DUMP BANK

Four Leave Train at Nellie and One  
Man Is Hurt; Two Others  
Jump.

Slag giving away under the tracks of the Pittsburgh & Lake Erie railroad at the Nellie slag dump, caused four loaded cars to go over the bank this morning and three laborers had narrow escapes from injury. The accident occurred about 8:30 o'clock.

A large amount of slag has been dumped at Nellie and as the bank increases, the tracks are extended to the edge. The cars were standing in track No. 5, when the accident occurred. The slag at the foot on the pile began to slide and it went out from under the tracks. The cars were in the middle of the train. They became uncoupled when they fell and did not carry the remainder of the train with them. Three foreigners were on them. Two jumped when they felt the cars slipping but the other was too late in getting off and went down with them. He suffered slight cuts about the face. The cars rolled about 25 or 30 feet and came to a stop.

Had the accident occurred a short time later, it might have been more serious, as a larger group of laborers would have been employed in unloading the slag.

## FIND BODY IN FIELD

Decomposed Remains of Foreigner  
Discovered Near Perryopolis.

The decomposed body of an unidentified foreigner about 50 years old, was found in a field near Perryopolis yesterday afternoon about 1 o'clock by John Martin as he was crossing his farm.

The body was decomposed from exposure to the elements and much mutilated by ravages of dogs or other animals. Both the man's arms were chewed off and his face was mutilated. There were no indications to show how he met death. Three sticks of dynamite were found on his person. The body, which was removed to Undertaker Blair's establishment at Perryopolis, had apparently been lying in the field for about 10 or 12 days.

## WIRELESS LECTURE

Coke Center Radio Club Gets Expert  
for Demonstration.

The Coke Center Radio Club has completed plans for a popular lecture and demonstration of wireless to be held in the Carnegie library auditorium Friday evening, March 23.

A high voltage transformer has been constructed and under proper conditions will produce a half-million volts of almost harmless electricity.

C. W. Waggoner, professor of physics at the University of West Virginia, will give the lecture and the members of the club will demonstrate the wonders of the wireless. A good attendance is expected.

## MAKE BIG PLANS.

C. H. Whiteley Sends Account of Con-  
federates' Reunion Arrangements.  
The Courier has received from C. H. Whiteley of Connellsville, who is visiting his daughter, Mrs. W. C. Hood at Birmingham, Ala., a copy of the Birmingham Age-World containing accounts of preparations for the Confederate veterans are making for the reunion of United Confederate Veterans at Washington on June 4.

This will be the first reunion of Confederates ever held north of the Potomac river. It is expected there will be 150,000 visitors at the capital on that date.

P. & L. E. Officials Here.  
A party of Pittsburgh & Lake Erie officials, headed by General Manager J. B. Yoho, inspected the Dickinson Run yards and the slag dump at Nellie yesterday.

He Arrives at Capital and May  
Take Supreme Command  
of the Troops.

### NEW GOVERNMENT STRONG

Military Force and Popular Element  
Strong in Favor of Revolutionists;  
Abdication of Czar Deprives Him of  
His Military Standing; No Disorder.

By Associated Press.

Grand Duke Nicholas, idol of the Russian army and ranked as Russia's master strategist, looms up as the military figure of the hour in the empire which has just witnessed a successful and almost bloodless revolution and the abdication of its emperor. The relinquishment of the throne by Nicholas II automatically deprived him of his rank of commander-in-chief of the Russian armies. The heir to the throne is an infant and Grand Duke Michael, named as regent, while a soldier of repute, is not of commanding military experience.

Thus the nation, the Petrograd dispatches indicate, is turning to its most tried and trusted military leader. Grand Duke Nicholas is reported to have arrived at the capital and the probability is pointed to that he will take command of the troops.

Of the complete success of the revolutionary movement, in which the lead has been taken by the Duma, there seems no doubt. While there have been few advances received as to the attitude of the army at the front, such news as has been received indicates that the military with the exception of reactionaries among the officers, together with all the popular forces of the empire is backing the new movement.

The civil forces of the nation are co-operating with the government most heartily in restoring normality in the life of the empire.

The Duma, which is the chief factor in shaping the course of the new regime and the Zensky council, are reported co-operating successfully in straightening out the various tangles which have resulted from the momentous change in government control. The food problem is being attacked and the people themselves seem to be exercising their own authority to repress element of the population that might be inclined to indulge in excess.

A measure of general political amnesty is reported in course of preparation by the new Russian minister of justice. Grand Duke Nicholas is said to have endorsed this move as one necessary to save the empire and bring the war to a successful conclusion.

### CONTRACTS AWARDED FOR

TWELVE U. S. BATTLESHIPS.  
WASHINGTON, March 16.—The Navy Department awarded contracts for new ships totaling approximately \$138,000,000. Five battle cruisers, at \$19,000,000 each and six scout cruisers at approximately \$6,000,000 each, are to be built by the following firms: Seattle Construction & Drydock company, two scouts; Union Iron Works, San Francisco, two scouts; William Cramp & Sons, Philadelphia, two scouts; Fore River Shipbuilding company, Quincy, Mass., one battle cruiser; New York Shipbuilding company, Camden, N. J., one battle cruiser; Newport News Shipbuilding company, two battle cruisers.

The fifth battle cruiser will be built at the Philadelphia Navy Yard. Two of the three dreadnoughts still to be awarded also will be built at navy yards.

The battle cruisers will be built on the basis of cost and 10 per cent profit to private firms, and the scouts at bid prices. All the work will be rushed under an agreement by the yards to employ 70 per cent of their labor on navy jobs.

### FORTY PERSONS KILLED

IN RIOTS TUESDAY  
COPENHAGEN, via London, March 15.—A Stockholm dispatch says, "A number of persons have arrived here who left Petrograd Tuesday night. They report that the police at first fired on the crowd, killing or wounding 20 persons. Monday night was calm. Tuesday night fresh riot broke out."

Tuesday morning, it was said, 40 persons were killed and 120 injured. On Tuesday afternoon three large wholesale bakeries were destroyed. By Tuesday night the new government had eased the bread situation by opening a number of new shops.

**FRECKLES**  
March Brings Out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and wind have a strong tendency to make her freckles.

Fortunately for her peace of mind the prescription, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.—Adv.

**Frick Men to Meet.**

## "THE STORE AHEAD"

**E. DUNN STORE**  
CONNELLSVILLE'S OLDEST DEPARTMENT STORE, EST. 1878.

## Easter Shopping Is In The Air—The Crowds Prove It

The rush of the last few days business in some departments, at certain periods, taxed our capacity to the utmost. It is a good suggestion to do Easter shopping early. Choose while stocks are full, fresh, unhandled—choose while service is best. Many articles, particularly of the finer sorts, when once gone cannot be duplicated in time for Easter. The throngs are at Dunn's—self-interest influences shoppers. Presenting superior assortments and values—the right merchandise—is winning tremendous patronage.

## New Spring Suits and Coats

For Immediate Wear; Very New; Moderately Priced

Suits Are Priced \$15 to \$45 Coats Are Priced \$12.75 to \$50

There are plainly tailored styles, box-pleated Norfolk and swaggar backs. Many have silk collars and cuffs and novelty wool stitching, and the skirts are plainly tailored or pleated in graceful fashion, belted, yoked or shirred at the waistline.

Serges are highly favored, likewise Poplins, Gabardines and Worsted checks. And the colors range all the way from the staple black and blue to the soft grays and greens and sports shades. In Women's and Misses' sizes at \$15.00 to \$45.00.

For the woman who wants her Coat now—and who wants it to be available for Spring wear—these are the styles that will carry the strongest appeal. They are not too light for immediate wear—not too heavy for Spring; and they are all the latest fashion features.

Velours, Poplins, Men's Wear Serges, Gabardines, Checks—Swaggar Coats, Belted Coats, Sports Coats, Utility Coats. In Women's and Misses' styles and sizes at \$12.75 to \$50.00.

## What the New Spring Blouses for Women Are Like

Now that we have written the headline, we hardly know how to proceed. We are desirous of conveying in print the beauty of the new arrivals, but words are not equal to our purpose.

There are more blouses, more different kinds, than modes of expression; higher degrees of beauty than words to fit them; more charm, than adjectives.

Please see these new Blouses. There are George Otto Crepe Waists, beautiful heavy Tulle, Crepe de Chine, Habitu Silk and Voile. In every one there is a refreshingly new note—a new idea in design—an unexpected touch that proclaims these Blouses as belonging to the Spring, 1917—\$1.19 to \$10.00.

## New Coats For The Young People

Ages 2 to 14 years—they will want one like mother's or big sister's, and they are to be found here in wide selections of colors, styles and modest prices.

2 to 6 Year Coats, \$2 to \$6.50 6 to 14 Year Coats, \$5.95 6 to 14 Year Coats, at \$8.00 Girls' Spring Coats, at \$4.50

Children's Coats in ages 2 to 6 years, in Poplin and all-wool Serges—new collar effects in self and contrasting materials—fullness at the shoulders to match the finishing touches.

Girls' new Spring Coats in large over-pleated and check material. Large collar with wide facing of wide silk—belt across back, causing extreme fullness on the shoulders to match the finishing touches.

Girls' new Spring Coats in shepherd check, all-round belt, two pockets; collar of old-rose faille silk; buttons to match; lined throughout; sizes 6 to 14 years.

And at a price 50% below today's market price? Even in normal times, "Derryvale" Linens are the best buy.

"Derryvale" Irish Linens have back of them the experience of years, and their quality is better than ever.

If you need linens as gifts for a friend's anniversary, linen shower or wedding, you would do well to see this display—there are no better linens than "Derryvale."

## CRAWFORD DAY IS OBSERVED IN THE SCHOOLS OF CITY

Continued from Page One.

Long Island, crossed the Delaware with him, helped him surround the British at Princeton. He was one of the most respected officers of the Virginia line, and left to take charge of the defense on the Western border only after he had been requested to do so by the United States Congress.

"Crawford's position was here much more difficult, because of the intense hatred of the Indians for himself and his men. Beaten in a battle with the redskins, he directed his soldiers to retire, and himself elected to remain with a small rear guard to cover their retreat. Surrounded by the Delaware Indians and captured, he was burned at the stake with horrible tortures on June 11, 1782.

"You will do yourself credit by contributing to a fund to give such a man a memorial," Rev. Burgess concluded. The exercises in high school were begun with the singing of "America."

In the high school and all the grade schools, envelopes are being distributed to the children today. They will be returned Monday with contributions for the fund.

In the grade schools each teacher is time during the day told her pupils of the life of Colonel William Crawford, and emphasized the project of erecting a memorial to him.

## WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.—Adv.

## PETCOE IN AGAIN

Took Last Money From Bank to Pay Fine Only Yesterday.

John Petcoe, who took his last \$2 from a bank yesterday to pay a police court fine, was before Mayor Marietta again this morning for being drunk and lying on the sidewalk at Eighth street and Leisenring avenue. Petcoe has been arrested three times within the last week, and each time has paid his fine.

This morning his money was all gone, and he was sentenced to serve two days on the chain gang.

Five "scoopers" in the city hall cellar were also arraigned this morning and sentenced to varying terms of street work.

**Mrs. Schroyer Improved.**  
According to a post card received by The Courier from C. O. Schroyer of Uniontown, the condition of Mrs. Schroyer, who is ill in a Philadelphia hospital, is improved.

**Has Diphtheria.**  
Elizabeth Lehn, about 5 years old, daughter of Mr. and Mrs. Samuel Lehn of Indian Head, is a victim of diphtheria. The child's condition is said to be critical.

**Sets New Record.**  
Miss Mayme Kincaid rolled 134 at duckpins on the Elks' alleys yesterday breaking the women's high record of 132, rolled some time ago by Mrs. C. A. Wagner.

**Case of Scarlet Fever.**  
A case of scarlet fever was reported to the department of health this morning.

**Entertains Class.**  
Mrs. Charles Baisley entertained the Loyal Workers' Bible class of the Mount Olive United Brethren Sunday school Wednesday afternoon at her home in the East End. The meeting was well attended and was very interesting. Following the business session a banquet was served, the menu consisting of chicken and the many other good things which accompany a real chicken dinner.

**Son at Irish Home.**  
A son, the first in the family, was born last night to Mr. and Mrs. Fred Rush of East Fayette street. Mrs. Rush was formerly Miss Helen Enos. The new arrival is the first grandchild of Mr. and Mrs. L. V. Rush and of George Enos of South Prospect street.

**Bible Class Survey.**  
A survey of the Organized Adult Bible classes of the Fayette County Sunday School Association, at the present time shows 373 active classes, which means that 95 classes that were once in existence and registered have disbanded for various reasons. There are 31 schools that do not have a registered class.

**Not Local John Swan.**  
The negro who gave his name as John Swan in police court yesterday morning and who was sentenced to the dungeon for a week, was not the John Swan from Connelville. The local Mr. Swan feels that this explanation is due him.

### FIRE AT SHELAR HOME

Blaze From Hot Air Furnace Does  
Little Damage; Mrs. Barbara Hubal  
Dies at Paritytown; John Walker  
Named Substitute Mail Carrier.

Special to The Courier.  
MOUNT PLEASANT, March 15.—  
Yesterday morning a small blaze was  
discovered at the Main street home of  
Dr. J. W. Shelar. An alarm was sent  
in and both trucks responded, but did  
not have to be used. The fire caught  
from a hot air furnace.

Mrs. Barbara Hubal,  
Mrs. Barbara Hubal, aged 55 years,  
wife of Albert Hubal of Paritytown,  
died yesterday in the Memorial Hos-  
pital. Funeral services will be held  
Sunday at 2 P. M. and interment will  
be made in the Polish cemetery.  
Named Sub Carrier.

John Walker, son of Mr. and Mrs.  
John Walker of Main street, has re-  
ceived the appointment of sub car-  
rier from the local postoffice here.

Flue Inauguration.  
The Ladies' Aid society of the United  
Brethren Church held their annual in-  
auguration yesterday and cleared  
enough money to cover the \$3,000  
pledged at the church dedication. The  
inauguration amounted to \$315. Individ-  
ual collections ranged from \$5 to \$50.  
The society this year was divided into  
three divisions, one in charge of Mrs.  
T. C. Harper, a second in charge of  
Mrs. John Noss, and a third in charge  
of Mrs. H. J. Shupe. Refreshments  
were served by the following commit-  
tee: Mrs. John Noss, Mrs. T. C.  
Harper, Mrs. U. G. Welmer, Mrs. U.  
M. Loe, Mrs. Hart and Mrs. S. K.  
Ebersole. This being Mrs. Harper's  
birthday she was presented with a  
table lamp by the society. Miss Nancy  
Fruel made the presentation speech.  
Miss Carrie Noss gave Mrs. Harper a  
hand painted picture.

Home Circle Supper.  
A nice supper was served to the  
members of the Protected Home Cir-  
cle last evening by the ladies side in  
the recent membership campaign.  
Sauer kraut, weiners, mashed pota-  
toes, sandwiches, pickles, tea cream,  
cake, cheese and coffee were served.

## CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs"  
Can't Harm Tender Stom-  
ach or Bowels.

A laxative today saves a sick child  
tomorrow. Children, simply will not  
take the time from play to empty bow-  
els, which become clogged up with  
waste, liver gets sluggish; stomach  
sour.

Look at the tongue, mother! If  
coated, or your child is listless, doesn't  
eat heartily, full of cold or has sore  
throat or any other children's ailment,  
give a teaspoonful of "California  
Syrup of Figs" then don't worry, be-  
cause it is perfectly harmless, and in  
a few hours all this constipation pos-  
es, your bile and fermenting waste  
will gently move out of the bowels,  
and you have a well, playful child  
again. A thorough "inside cleaning"  
is oftentimes all that is necessary. It  
should be the first treatment given  
in any sickness.

Beware of counterfeit fig syrups.  
Ask your druggist for a 60-cent bot-  
tle of "California Syrup of Figs,"  
which has full directions for babies,  
children of all ages and for grown-  
ups plainly printed on the bottle.  
Look carefully and see that it is made  
by the "California Fig Syrup Com-  
pany."—Adv.

### At the Theatres

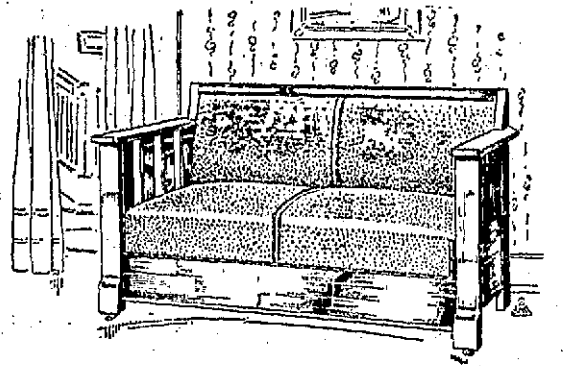

#### PARAMOUNT THEATRE.

"THE GOLDEN FETTER."—Wal-  
lace Reid and Anita King are offered  
to Paramount Theatre fans for the  
first time today as fellow-players in a  
thrilling western drama. Wallace  
Reid has scored a big success in his  
previous pictures, his efforts in sup-  
port of Geraldine Farrar having been  
noteworthy. Anita King, one of the  
favorite Lasky stars, is, in addition  
to her photodramatic activities, a  
"city mother" in Los Angeles. In  
special charge of the hundreds of  
screen-struck girls who wait that  
place. In "The Golden Fetter," Reid  
is seen as a young mining engineer  
who has come west to seek his for-  
tune. Anita King is a New England  
school teacher who is suddenly thrust  
into the turmoil and excitement of a

### Use Zemo for Eczema

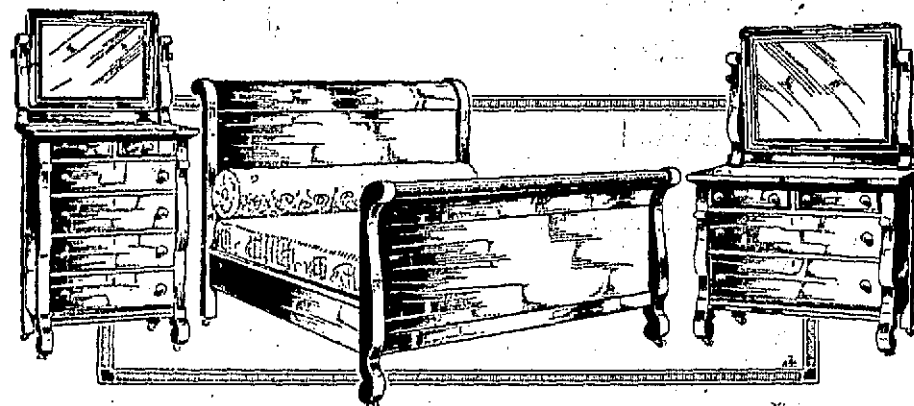

Never mind how often you have tried  
and failed, you can stop burning, itching  
eczema quickly by applying a little zemo  
furnished by any druggist for 25c. Ex-  
tra large bottle \$1.00. Healing begins  
the moment zemo is applied. In a short  
time usually every trace of eczema, tet-  
ter, pimples, rash, black heads and sim-  
ilar skin diseases will be removed.  
For clearing the skin and making it  
vigorous healthy, always use zemo, the  
penetrating, anti-itching liquid. It is not a  
greasy salve and it does not stain. When  
others fail it is the one dependable treat-  
ment for skin troubles of all kinds.

## AARON'S POLICY

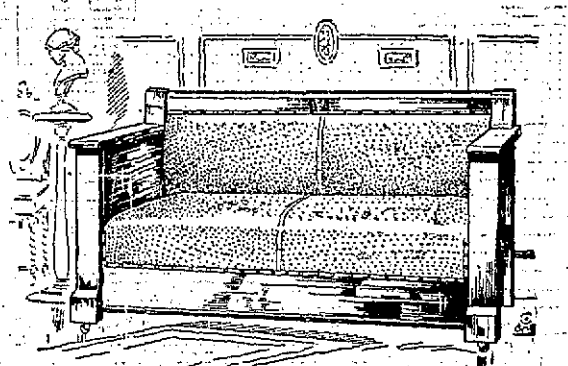

The policy of the Aaron Stores is definite:  
To offer our customers Furniture and Homefur-  
nishings that can be depended upon; to be sure  
of quality in everything that we sell; to give you  
values that cannot be duplicated anywhere; and  
to eliminate all possible chance of your dissatis-  
faction by backing up every purchase you make  
with a "satisfaction guarantee."

That's the policy upon which the reliable Aaron Orga-  
nization was built over a quarter century ago. That's the poli-  
cy that has unfailingly gained and held the confidence of all  
Connellsville and vicinity.

And that's why you can always feel perfectly at home  
when you purchase anything at Aaron's—because you can  
have that confidence that the merchandise is right and you  
know that the price is right.

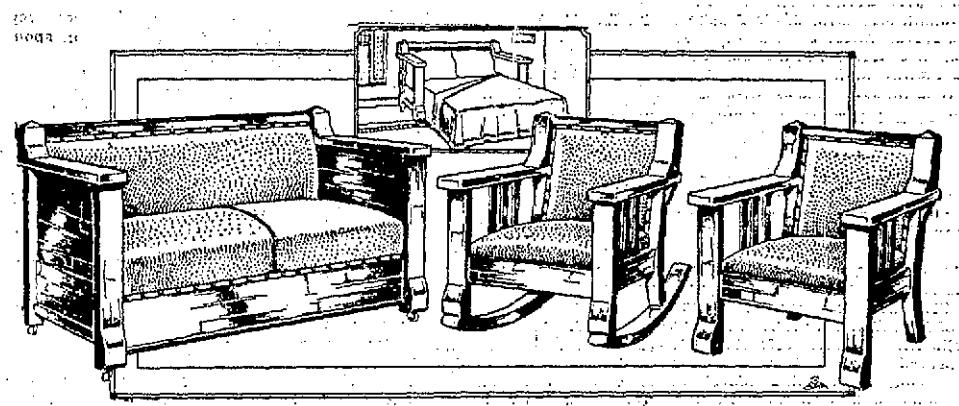

"You can't go wrong in the right store."

### CONQUERS RHEUMATISM IN A VERY FEW DAYS

It is an established fact that one-  
half teaspoonful of Rheuma taken  
once a day has driven the pain and  
agony from thousands of racked,  
crippled and despairing rheumatists  
during the last five years.

Powerful and sure; quick acting,  
yet harmless! Rheuma gives blessed  
relief almost at once. The magic  
name has reached every hamlet in the  
land and there is hardly a druggist  
anywhere who cannot tell you of al-  
most marvelous cures.

If you are tortured with rheumatism  
or sciatica, you can get a bottle of  
Rheuma from A. A. Clarke or any  
druggist for not more than 50 cents,  
with the understanding that if it does  
not completely drive rheumatic poi-  
sons from your system—money back.

Sionno will be in the Vitaphone com-  
edy drama, "Where Is Your Friend?"  
This program makes a great big  
pleasing show of new releases, pic-  
tures. On Saturday will be the Ma-  
guerre Nichols in "Jesse of the Hill  
Country." Noll Craig will be in a  
western Texas drama, "The Border  
Line." Rosemary Thoby will be in a  
Vitaphone comedy, "Hobby Chicken,"  
and Ham and Bud will be in "The  
Safety Pin Smugglers." The Satur-  
day afternoon crowds have become so  
large that a special 10 o'clock matinee  
will be held tomorrow to accom-  
modate all the children who wish to  
see the two funniest men in the  
world, Ham and Bud. This matinee  
will have the entire program and the  
show will be full and complete ex-  
actly like all other performances for  
the day. On Tuesday Marian Sals  
comes in "The American Girl," and  
on Wednesday Helen Holmes in  
"Lass of the Lumberlands." Thurs-  
day will be the great patriotic play,  
"The Nation's Peril," very much like  
"The Battle Cry of Peace," and made  
by the same company and stars. It  
will be presented with full music,  
score and noise effects.

### GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel  
Backache or Have Blad-  
der Trouble.

Meat forms uric acid which excites  
and overworks the kidneys in their ef-  
forts to filter it from the system. Regu-  
larly eaters of meat must flush the  
kidneys occasionally. You must re-  
lieve them like you relieve your bow-  
els, removing all the acids, waste and  
poison, else you feel a dull misery in  
the kidney region, sharp pains in the  
back or sick headache, dizziness, your  
stomach sour, tongue is coated and  
when the weather is bad you have  
rheumatic twinges. The urine is  
cloudy, full of sediment; the channels  
often get irritated, obliging you to  
get up two or three times during the  
night.

To neutralize these irritating acids  
and flush out the body's urinous waste  
get about four ounces of Jad Salts  
from any pharmacy; take a table-  
spoonful in a glass of water before  
breakfast for a few days and your  
kidneys will act fine and bladder dis-  
orders disappear. This famous salts  
is made from the acid of grapes and  
lemon juice, combined with lithia, and  
has been used for generations to clean  
and stimulate sluggish kidneys and  
is harmless and makes a  
stop bladder irritation. Jad Salts is  
delightful effervescent lithia-water  
drink which millions of men and wo-  
men take now and then, thus avoiding  
serious kidney and bladder diseases.

SHOULD RECONSIDER.

Notwithstanding the failure of the  
conference between the railroads and  
brotherhoods and the railroad manag-  
ers in New York yesterday to reach a  
satisfactory adjustment of the eight-  
hour question, and the fact that orders  
have been issued to inaugurate a strike  
on a number of the roads tomorrow  
evening, the public cannot yet believe  
that the patriotism, loyalty and good  
faith of the railmen will permit them  
to bring upon the country at this critical  
time the train of disaster which  
will follow the suspension of freight  
traffic.The railmen must themselves  
know that acute suffering for the nec-  
essities of human existence will oc-  
cur in many sections of the country,  
and among those least able to bear it,  
as the result of a freight stoppage of even  
a few days' duration. They know, too,  
that the near-war situation in which  
our government is placed demands  
that nothing should arise to interfere  
with the orderly progress of our work  
of preparation. They know, too, that  
any domestic difficulties at this time  
will be seized upon by those unfortun-  
ate to our government and used to its  
manifest disadvantage and possible  
harm. Hence it seems inconceivable  
that the opportunity which may yet  
be open to prevent a strike will not be  
seized upon.Under these circumstances the  
railmen must realize that the public  
will look upon a paralysis of transpor-  
tation as an unwarranted inter-  
ference with its rights, the conse-  
quences of which must lie with those  
upon whom the responsibility rests.  
If the contemplated step be taken it  
will completely alienate public sym-  
pathy, which in general has favored  
the main contentions of the railmen  
but refuses to give support to the  
methods by which it is now designed  
to achieve them. Sober second  
thought on the situation, as the pub-  
lic now views it, ought, therefore,  
to impel the leaders of the railmen to  
reconsider the action taken at yester-  
day's conference and give consideration  
to the demands of the public that  
reason instead of force be employed  
to adjust the differences which now  
exist.

A WILSON CHARACTERISTIC.

The appointment of the members of  
the so-called "non-parliamentary" Tariff  
Commission has once more brought in-  
to prominent public notice the faults  
and weaknesses which have character-  
ized practically every official act of  
President Wilson's administration.  
There are his intense intolerance and  
unyielding plainness and his narrow  
sectionalism.In the selection of the members of  
the Tariff Commission adherence to  
the purposes and spirit of the act cre-  
ating this body, and a sense of com-  
mon fairness to the two political parties  
which hold divergent views on the  
tariff policy, would have dictated to  
an unprejudiced president that equal  
representation should be given to both  
the free trade and protectionist points  
of view. By the same rule of reason  
those sections of the country which  
have been consistent supporters of the  
opposite views on the tariff question  
ought also to have been allowed equal  
opportunity in the composition of this  
commission which will sustain so im-  
portant a relation to our national eco-  
nomic policy.With the evident purpose of elimi-  
nating the protectionists from consid-  
eration on the tariff issue by this body  
President Wilson named two "name  
ducks." Democratic congressmen, one  
pronounced Free Trade Democrat col-  
lege professor, one independent ex-  
member of Congress who always voted  
with the Democratic tariff measures,  
and a Progressive who supported Wilson  
during the recent campaign. The  
sixth member of the commission is a  
Republican whose advocacy of Pro-  
tection has never been conspicuous.  
The south and west, in which the tariff  
issue has never been so vital an issue  
as in other sections, is given five out  
of the six members of the commission,  
while but one is named from north of  
Masson and Dixon line, which again  
evidences the fact that President Wil-  
son, as in the appointment of the mem-  
bers of the Farm Loan Board, persists  
in maintaining an arbitrary division of  
the country into two sections—a Re-  
publican north and east and a Demo-  
cratic south and west.Suffrage privilege is being restricted  
in the south in a truly Democratic  
fashion. A number of the states have  
recently enacted laws providing for an  
educational test as a qualification for  
voting. The ostensible purpose is to  
elevate the standard of citizenship, but  
the real purpose is to give some sam-  
ple of local government to the whole-  
some disenfranchisement of the colored  
voters by the election officers.Not including the public debt and  
Treasury (which reflects the deficit of  
the United States treasury at the  
close of business on February 15, was  
\$15,100,000. This was an increase of  
only \$5,000,000 within a year or at the  
rate, in round numbers, of \$5,000,000  
per month.Mayor Marietta has not literally ap-  
plied the Marietta law. "If a man will  
work he shall not eat," to the colored  
offenders who draw the line at laboring  
in the chain gang. "If they won't workIn the daylight they'll eat in the  
dungeon," is the Mayor's interpretation,  
which is almost as effective as the  
original law.Up in Uniontown surgical operations  
have become necessary to relieve the  
"bleeding" variety of headcases with  
which some of the citizens there  
are strangely and unaccountably afflicted  
at infrequent intervals. Have the  
usual morning after remedies failed?That German consul, who is being  
shunted back and forth over the  
Pacific, unable to find a lodging place  
on either side, is beginning to find out  
how world-wide the popularity of his  
Kaiser has become.The conviction of Bouck White, pastor  
of the no-called Church of the Social  
Revolution for burning the American  
flag, and the commendation of the jury  
for their action will, in the judge said,  
be a lesson for aliens. This country  
guarantees religious freedom to any  
and every person but it will not tolerate  
the desecration of the flag by any  
person, even in the name of religion.With war and rumors of war, plots  
and counterplots, revolutions and non-  
revolutions and contemplated railroad  
strikes the old world seems sadly out of  
joint.

THOREAU.

The books that Henry Thoreau wrote  
are little read, these later days, more  
care not to let a hermit's pole be carried  
in the woodland ways. The struggle after  
stock and bond is so intense we little  
heed the nature lover by his pond, with  
his pen and inkstand, his book and  
quill. Yet never should his fame grow stale,  
while his measurements stick like wax;  
he is the man who went to jail before  
he got a country tax. I think of  
Thoreau in his cell, that here shortly  
could not serve, and feel the heart  
within me swell with admiration for  
his great man's books, forget his toll  
with ax and rake, we may forget the  
seven nooks in which he roamed by  
Walden lake; but never let us be so lax  
as to let this splendid tale go before  
he's paid a robber tax, the hero-martyr  
went to jail.

THE POTATO.

The potato is a nice popular article  
of food which now costs more per front  
foot than a corner lot in the heart of  
New York City.For years prior to the opening up of  
the European War the meadow, pink-  
eyed Irish potato was a drug on the  
market in this country. For forty  
cents the shrewd householder could go  
out and buy a bushel of potatoes with  
the waist measurement of a mammoth  
cheese. A great many people who kept  
a garden every spring gave up grow-  
ing Irish potatoes, as they could buy all their  
neighbors had for less than it cost to  
hunt down the exalted potato bug with  
a tin of Paris green. Others converted  
their potato patch into a croquet  
ground, so that both feet could be ex-  
ercised without training the intellect.A once popular article of food which  
now costs more per front foot  
than a corner lot in the heart  
of New York City.The only time that potatoes were  
higher than they are now was during  
the reign of Nebuchadnezzar when  
there was a total crop failure accom-  
panied by a violent storm of violence  
and indignation. We are told that  
Nebuchadnezzar, who was a proud  
monarch with a 12 story appetite, be-  
came so famished that he would eat  
set grass like a horse. If Nebuchad-  
nezzar had lived until today and seen  
the price of the hotted potato rise in a  
halfhearted crescendo to the point  
where it now rests, the first thing he  
would look up would be the local  
market on baked haw.The high price of potatoes is due to  
the large number of war prisoners who  
are on foreign soil. When we reflect  
that the Russian army has lost several  
million mules with a storage capacity  
equivalent to a sectional book case, and  
that each mule can easily assimilate  
a bushel of Early Ohio potatoes every  
three days, we can readily understand  
why a good money potato is getting  
harder to find in this country than a  
Methodist preacher with money in the  
bank.The way to break the high price of  
potatoes is to live on something else  
or pay a long, enthusiastic visit to  
some relative.

House Cleaning Time Means  
House Repairs.

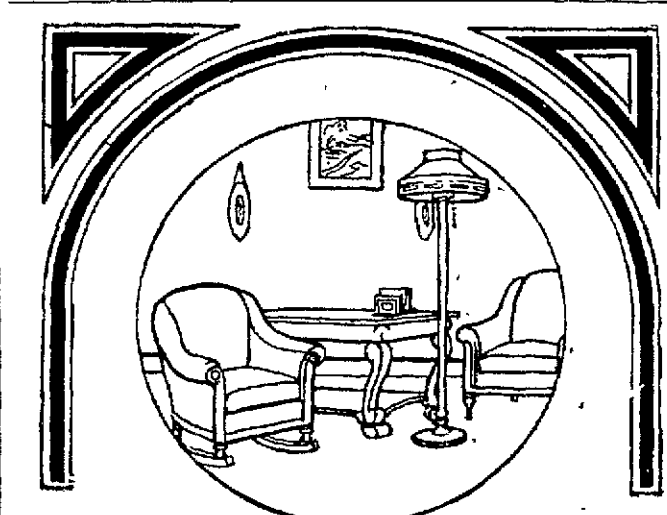

It means that the Union Supply Company has been planning to help you out. You are preparing to do some papering, no doubt. You will want to get the newest styles, of course; you will want to get the most reasonable prices, and you will want to get the largest assortment of patterns. Now these are our three strong points. Every Union supply Company store has on hand now a large stock of the very newest styles in wall paper. They are just what you want, and notwithstanding the high cost of most everything nowadays, you will find our wall paper prices most reasonable.

You will also have some painting to do, no doubt. Perhaps you want to paint the walls instead of papering. In case you do we have the most celebrated brands of wall paint in the market. We recommend the W. W. Lawrence Company paints. You may want to do some white painting, enamel finish, or perhaps varnish some of the wood-work instead of repainting. Can provide you with anything you want in the paint line—colors guaranteed. The mixed paints are recommended, but if you prefer to mix your own we have the purest white lead and best linseed oil, turpentine, etc., that the market produces. You know what a rush there is every season—when we get two or three nice spring days everybody wants paper hung, and everybody wants painting done at the same time—but everybody cannot have it done at the same time. The purpose of this advertisement is to call your attention to our stocks, and to recommend that you start on your work now while paper hanging and painting is slack.

Your attention is further called, briefly, to our furnish-  
ing and house-fitting departments, which at the present  
time are stocked with the most desirable lines that we ever  
carried. Your attention is particularly called to our floor  
coverings, our lace curtains, our window shades, and our  
beds and bedding. The high class of these goods, and the  
very moderate prices, are our recommendations. Go and  
see the stocks—it is the best way to find out.

Let Us Settle the  
Furniture Question  
For You.

Put your trust in men who know. You cannot become an expert on furniture, but you can deal with a house that sells on honor, as we do, and feel that what you buy is the kind you want. Also, that the price is as low as shrewd buying and careful business judgment can devise.

You should not judge furniture by the price. If price were the criterion by which furniture should be judged, then quality would be a matter of figures. The furniture we sell is the kind in which the quality is put in before the price goes on.

We will be glad to help you settle the furniture question any day. Come in.

## OVERHOLT GIRLS LOSE GAME WITH S. CONNELLSVILLE

Foul Goals Decide Interesting  
Contest By Score of  
5 to 3.

### CHAMPIONSHIP UNDECIDED

S. Connellsville Manager Withdraws  
That Clause in Agreement Before  
Game Begins; Overholt Still Holds  
Title; First Defeat in Two Years.

The Overholt girls basketball team was defeated for the first time in two seasons by South Connellsville girls at Scottdale last night, 5-3. The game was not for the championship as had been advertised, however, Manager L. Scoblick of the South Connellsville team withdrawing this clause in the agreement before the game started.

There was some trouble in getting the game started. It had previously been arranged that the game would be for the championship of Fayette county, but on account of a short drill the Overholt team held in the hall Wednesday evening, Manager Scoblick of South Connellsville protested that they had an unfair advantage and refused to let his team on the floor. When the house filled up with the largest crowd in the history of the hall, however, he agreed to play the game, but not for the championship. By this agreement the Overholt team does not lose its claim to the title.

The main game was played off first, and a preliminary between the Connellsville and the Overholt girls was played later, Overholt winning 6-1. The Lady Macabees who were to have played the preliminary game against the Connellsville girls did not appear in uniform.

The big game was close from the beginning. South Connellsville did not make a field goal, but won the game entirely on fouls.

Shelkey, who tossed fouls for the winning five, made five out of nine attempts, winning the game and setting a record for foul shooting by girl teams. Overholt scored one field goal, X. Loftus making it in the first half. A McKay also tossed in a foul.

The crowd which witnessed the game was the largest in the history of Ellsworth Hall. More than 600 people were present. The building was packed on all sides, the Scottdale basketball fans turning out a larger number than Connellsville.

When the first game was over the crowd would not leave without seeing the preliminary. The Lady Macabees attended the game in a body but refused to don uniforms and play. To satisfy the crowd the Overholt team, not more than 15 minutes after playing South Connellsville, lined up again and played the Connellsville girls. The Lady Macabees who appeared in uniform, jumped center for the Connellsville girls who were formerly captain. She will probably appear in the Connellsville lineup regularly now. The lineup:

OVERHOLT. S. CIVILLE.  
H. Walker forward H. Sholkey  
A. McKay forward Burkhardt  
M. Loftus center G. Ward  
K. Murray guard H. Hetrick  
G. Bisher guard E. Ward

Field goal—Loftus 1. Foul goals—Shelkey 5 out of 9; A. McKay, 1 out of 7. Referee—Crowley.

In the preliminary which Overholt won, 6-1, the lineup was:  
CONNELLSVILLE. OVERHOLT.  
H. Hirtleman forward A. McKay  
A. Presbrey forward E. Popke  
A. White forward M. Loftus  
E. Weldinger center K. Murray  
A. Herbert guard G. Bisher  
Field goals—M. Loftus 2. Foul goals—A. McKay 2 out of 6; H. Hirtleman, 1 out of 2. Substitution—E. Winkley for A. Herbert—Referee—Wall.

### SUGGESTION TO WOMEN

Who Are "Just Ready To Drop."  
When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did. She says:

"I keep buying for my little family of three, and become completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my house-work. A friend asked me to try Vinol. I did so, and improved rapidly. It toned up my system, I regained my strength, and no longer nervous, sleep well, and do all my housework." Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction.

## Relieves Serious Case Of Chronic Constipation

Dr. Caldwell's Syrup Pepsin  
Corrects Condition That  
Seemed Hopeless.

After suffering from chronic constipation until she was so run down she was unable to do any kind of work, Miss H. A. Frees, 209 Adams St., Dayton, Ohio, obtained a bottle of Dr. Caldwell's Syrup Pepsin and used it with such gratifying results that she continued the treatment and has written to Dr. Caldwell that her condition is again normal, and that she wants to recommend Syrup Pepsin to everyone who suffers with constipation.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, gentle in its action and free from griping or other pain or discomfort. It contains no opiates or narcotic drug, and, while acting readily on the most stubborn case of inactive bowels, is absolutely safe for the thinnest babe, so that it is the ideal family laxative and should be kept on hand in every household for use when needed.

Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and is sold in

drug stores everywhere. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

### WESTERN ROADS FEEL PINCH

Car Shortage Troubles Have Reached  
West of the Mississippi; Pitts-  
burg District Still Worried.

The effects of the car shortage has been largely confined to the east and the central west but it is now making itself felt on the railroads operating west of the river where the pinch of the car shortage is being felt, aggravated as it is by effects of the new car service rules adopted by the carriers and now being enforced by them. But the western roads are not the only ones that are being inconvenienced by the new rules—inconvenienced and subjected to actual losses of revenue, as well—those operating in the east and south suffering equally with them, the smaller ones most of all.

The situation in the Pittsburgh district, the manufactured products of which go to the four quarters of the globe ordinarily, is far from encouraging. Some new routes for the transmission of freight have been opened, yet the accumulation of freight in the yards and on the sidings throughout the district shows little diminution, despite the labors of the railroads to use it.

Meantime enforcement of the experimental car service rules above referred to is being tried faithfully by the railroads, those centering in Pittsburgh, at least, although at the east of both time and money to themselves and to the discomfort of their patrons who are not prepared to load equipment furnished them in compliance with instructions, except in rare instances.

Briefly explained, the instructions require that cars be loaded so that they may be sent in the direction of home, whereas in the majority of cases this is not practicable. A car owned by a railroad operating in the west may not be loaded for a point in the east or south, and vice versa. This appears to be easy of comprehension, but apparently is not since blunders are being made constantly and by shippers who usually are well informed.

### PIN THIS UPON WIFE'S DRESSER

Warns Women Against Cut-  
ting Corns and Says They  
Lift Right Out.

Because style dictates that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is gummy but it dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Adv.

### NO "TIN SOLDIER."

West Virginia Governor Declines to  
Appoint a Military Staff.

CHARLESTON, W. Va., March 16.—Governor John J. Cornwell assigned three reasons today why he would not appoint a personal staff; a matter optional with the governor. His first was that the federal military code does not permit officers on the governor's staff to wear uniforms; second, that the staff of the governor has become a joke, and third, that in view of the international difficulties we should be equipping real armies. "This is no time for tin soldiers," he concluded.

**The Consumer Pays**  
Every advance in price is an additional burden to the consumer. In the last two years advances have come thick and fast. Many merchants have taken advantage of the conditions and have added profits away beyond the legitimate rise. Where there has been a ten per cent advance, many retailers have marked their prices up thirty per cent. This has been a hardship to the consumer, and the ordinary man wonders where it is going to stop. Thousands of people in Fayette County have turned to mail order houses for relief, and thousands of dollars are going away from home that should be kept here. Every merchant should protect his customers, instead of bleeding them. My prices are down to the lowest notch. I buy from two of the largest factories in the United States and I buy enough to get the price. I buy at the right price and I sell at the right price. Every paper has the real value back of it. ## PREPONDERANCE OF GAY COLORS SHOWN IN SPRING STYLES

Wright-Metzler Store Opening  
Displays Wonderfully Pretty  
Things to Wear.

## IMMENSE CROWD ATTENDS

Up-to-date New Models, Attractive  
Decorations and Music Served to  
Make Formal Spring Opening One  
of the Most Successful in Years.

With the approach of Spring lovers  
of fashion are centering their interest  
in the store openings, which have al-  
ready made their debut. The Wright-  
Metzler company opening yesterday  
being the first of the season, the store  
was crowded throughout the day with  
dozens of fashion eager to inspect  
the merchandise so attractively ex-  
hibited. The pretty display windows  
gave an idea what may be expected  
inside the store, which never present-  
ed a more beautiful appearance.

The decorations, which were the  
work of Edward Sudzik, were sym-  
bolic of Spring. A color scheme of  
salmon, gold and black was used in  
carrying out a Japanese effect.

The large store was never stocked  
with a more varied line of merchan-  
dise. Every department presented  
the season's most authentic fashions.  
Dance fashion was never so varied in  
her tastes as this season. This is de-  
cidedly a sport season, every brilliant  
color appearing in some form or other.  
The latest styles are influenced by the  
spirit of the Orient. East Indian and  
Chinese colors are practically every-  
where.

On entering the store one's atten-  
tion was at once directed to the dry  
goods department under the manage-  
ment of R. M. Evans. With its allur-  
ing array of dashing colors, the large  
department presented a gay scene.  
The popular sport materials are  
Khaki-Kool, Ye San, La Jerz, tussah  
and rajah. These are shown in gold,  
apple green, mint green, cornsilk  
green and tan shades. To complete  
the sport costume one must have  
fancy silk hose, the country club um-  
brella, or parasol, and gloves em-  
broided in striking colors. All  
these were shown in colors to match.

Numerous cases were devoted to  
displaying ribbons, in plain, flowered  
and oriental effects, duty neckwear  
in all the newest colors of the season  
and fashioned of Georgette crepe,  
dainty batiste, etc., trimmings in  
gold and silver laces and beaded  
bands, stationery, staple and oriental  
jewelry, gloves, embracing silk fa-  
brics, kid and washable gloves, hand-  
bags, comprising all the newest novelties,  
silk hosiery, and socks in plaids,  
stripes and plain effects. Silks in  
vivid and pastel shades, draped with  
blowly chiffon and tulle, were art-  
istically arranged on the counters,  
while here and there were placed  
parasols and country club umbrellas  
attractive enough to tempt the most  
fastidious buyer. Under this depart-  
ment also comes the art and needle-  
work and knit underwear depart-  
ments on the second floor, all of  
which had an attractive display.

The millinery department on the  
second floor, in charge of Miss Har-  
riet Ridgeway, was a great attraction  
for the feminine seeker of fashion.  
There were styles suitable for all.  
Hats with straight brims, upturned  
brims, and drooping brims are espe-  
cially smart. Popular trimmings are  
Chinese ornaments, beaded ornaments,  
flowers of bright and gay colors,  
wings, fancy ribbons, etc., while in  
colors, chamoisee, olive green, black  
and white, beige, coral, mint green,  
and blues prevail. Sport hats, with  
fancy ribbon trimmings caught with  
stitching, or adorned with other chic  
ornaments were shown in smart  
models.

The suit department, under the  
management of F. W. Wright, present-  
ed an air of exclusiveness. There is  
a strong tendency in favor of the  
tailored suits, all of which outline the  
figure more or less. For those who  
are not admirers of the severely  
tailored suits there are ever so many  
truly smart models, becoming to all.  
There is an endless variety of styles  
in sport suits, the belted coat being  
greatly in evidence. Some models in  
box suits and Norfolk styles are  
shown.

As separate skirts are to be worn  
more than ever this Spring and Sum-  
mer, many exclusive models in plain  
and fancy silks, and popular woolen  
fabrics were shown in striking models.  
With the popularity of the separate  
skirt, waists naturally take a new  
lease on life. Extremely dainty crea-  
tions in vivid shades and new pastel  
colors, fashioned of Georgette crepe,  
crepe-de-chine, trimmed with flat lace,  
embroidered with beads were  
shown. Evening gowns noted for their  
gorgeous combinations of colors and  
soft draperies were also seen.

With the approach of Spring the  
popularity of coats is as great as ever.  
Beautiful models of various lengths

## LABOR AFTER THE WAR

Steamship Agents Predict a Large  
Movement to Europe at Close.

Several hundred thousand fore-  
igners of the class who now furnish the  
bulk of the unskilled labor in the  
United States are planning to return  
to their native lands at the close of  
the European war, according to in-  
formation gathered by agents of the  
various large steamship companies.  
Agents of a large steamship com-  
pany have learned that at least 300,000  
unskilled laborers are planning to  
leave the mining regions of Pennsylv-  
ania at the close of the war. Another  
steamship agent declared that large  
groups of Russians and Austrians al-  
so intend to return to Europe, believ-  
ing the opportunities there will be  
greater after the end of hostilities, due  
to the enormous amount of industrial  
work that must be done. Many who  
plan to return, too, are actuated by a  
desire to learn what has happened to  
their families and their native vil-  
lages.

It is understood that several large  
associations of employers consider the  
prospect of wholesale emigration from  
the United States to be so serious that  
they contemplate taking steps to pre-  
vent it.

## FATHER TIME HALTS MANY VETERANS

1917 Season Will Mark Passing of Famous Baseball Stars.

### LARRY LAJOIE IS GONE

One of Game's Greatest Players Will Handle Minor League Team This Year—Bender and Brown Through as Major League Pitchers.

With the opening of the baseball season of 1917 almost at hand, it is noticed with saddest regret by old time fans that the names of at least five former stars are missing from the rolls. This is the first time in a decade of stirring diamond battles that the names of Lajoie, Matthewson, Bender, Almer Brown and maybe Jimmy Archer will not appear as active participants.

Lajoie will no longer throw terror into the hearts of young pitchers, Matty and Almer Brown will never again fight one of those duels between the Cubs and Giants, and that cruel grin of Chas. Bender will no longer be a disturbing factor in a world's series. Those boys are gone.

Of those baseball immortals, Matty will remain in the limelight as manager of the Cincinnati Reds, but he has given up all hope of being able to pitch again. The arm that in the past has

LARRY LAJOIE, WHO WILL BE MISSING FROM THE MAJOR LEAGUES THIS SEASON.

been worth as much as a half million dollars to the New York club will not surely be a non-factor on the coaching lines.

This is the first spring in sixteen years that Big Six did not go south with the Giants as a player. In the camp at Martins he was easily misled.

Lajoie is also a manager, but his activities are limited to the International League, and he will not even have the chance of talking back at his old associates. He says that he intends to play a few games for Toronto, but the chances are that he will change his mind when some youngster comes up full of enthusiasm and on a pair of legs. It is the one great regret of Lajoie's life that in all his days of glory he was never so fortunate as to be on a championship club. On several occasions he came close while with the Cleveland club, but then Nap Rucker, he was never able to make his efforts count for a championship.

Incidentally Nap Rucker is another of the great ones who did not show up for training. This famous left hander has decided to retire from baseball altogether rather than to take his chances in a minor league.

Another source of regret shared by Matty and Lajoie alike is that in all their experiences circumstances never willed it for them to face each other.

While in New York recently Lajoie declared that he had often wanted to hit against Matty, and Matty, who was present, came in his back with the remark that he always had wanted to face Lajoie just to see what kind of balls the Frenchman preferred to hit.

Jimmy Archer is not exactly out of baseball, but he is not with the Cubs, and he has been given permission to trade himself to some other club if he can do so to his own advantage.

Chief Bender was recently let out by the Phillies. It is likely that the crafty Indian will get a place with some minor league club. Several of the club managers have been after him, and he will probably take one of these jobs. The chief is not any too well fixed in the matter of finances and could use a good job very handsily now.

## All Around Record May Be Won by Sherman Landers

Photo by American Press Association

A NEW record for all around track and field supremacy is sure to be inscribed on the pages of intercollegiate sports before the coming outdoor season shall have been completed.

Sherman Landers, present national title holder in the pole vaulting event, is the individual to whom the track and field world is turning for the setting of a new standard of efficiency as all around star.

Not since the days of Alvin Kraenzlein, the sensational University of Pennsylvania performer, who was the first athlete to prove superiority at more than two specialties in a single meet, has such a phenomenal performer as Landers made his appearance.

Although only eighteen years of age, Landers has had more experience than any other youth of his age in the entire country. For the last three seasons he has competed in all of the big intercollegiate meets in and around Chicago. Photo shows Landers going over the bars.

In his day Bender has been one of the most skillful of all pitchers, and his work for the Athletics was largely responsible for their several championships.

Another old timer, in fact the veteran of them all, is still in the game, but realizes that his pitching days are numbered. That man is Eddie Plank. This marvelous left hander, though in his forties, pitched some great ball last year, but it was easy to see that his arm was weakening. Recently the St. Louis Browns have tried to trade him, but other managers are hesitant about taking a chance.

### COLLINS TO START AT ONCE.

Star Second Baseman Says He'll Have No Alibis This Season.

Edward "Trowbridge" Collins, baseball's greatest all round second baseman, announced at golf, after dinner, yesterday that he will start at once in his new position as a full time player.

The sage from Lansdowne recently imparted some welcome information to

Manager Rowland of the Chicago White Sox.

"No alibis this year," said Eddie. "I intend starting off on the right foot when the call of the umpire is heard in the first clash of the Sox with Fielder Jones' men on April 13."

"Last year I had a bad start, and try as I would, it seemed impossible for me to hit my stride before it was too late to do the team the most good."

Some critics persisted in the theory that Collins had gone back, but Manager Rowland fails to agree with them. "Collins is in his prime as a ball player," said Rowland. "I never saw him in better fettle than now. Eddie takes good care of himself, has always been an athlete of good habits and is comparatively young."

"Collins has assured me he intends to work hard to make it the banner year of his career, and I believe every word he says. There were some croakers last year who intimated Eddie wasn't giving us his best effort, but I never saw a fellow try harder to overcome a hitting slump than Eddie. When he finally routed the Jinx the club was still in the pennant fight, and we were the last to be put out of it."

### NEW HEAD OF CARDINALS.

Ben Brinkman, Banker, Takes Over St. Louis National.

Ben G. Brinkman, vice president of a bank, recently was elected president of the St. Louis Nationals. His election is part of the reorganization plan fostered by J. C. Jones, who has paid Mrs. Helen Britton, principal owner of the club, \$25,000 as earnest money of his intention to organize a syndicate to buy the club for \$850,000.

J. C. Reed was elected vice president and W. C. Anderson secretary. The board of directors will consist of the three officers and also J. C. Jones and Lon Rucker, attorney for Mrs. Britton.

Jankowski Will Meet Showalter Again. David Jankowski, the French chess champion, reports that he has arranged with Showalter to play a return match next June, again at Lexington, and under practically the same conditions as the recent one, in which he defeated the Kentuckian.

IT'S toasted. The Burley tobacco in this delicious new Lucky Strike cigarette is toasted.

And you know how toasting does add flavor. Close your eyes and think of one crisp, brown slice of hot, buttered toast. Flavor is the word, isn't it?

This new application of an old idea has given you a new cigarette. You smokers have certainly been wanting a ready-made Burley cigarette. At first it couldn't be made; flavor didn't hold. But five years' study brought us to the toasting principle, by which we are able to hold the Burley flavor.

So now, try Lucky Strike, the real Burley cigarette; the tobacco — it's toasted. And the flavor — you'll certainly love it!

## SPRING CURTAINS

Attractive Hints About How to Freshen Your Windows.

### SOME INEXPENSIVE DRAPERIES

You Need Not Follow the Established Routine Unless You Want to, For Gingham is Being Used Everywhere Except in the Parlor.

The woman who is going without curtains or overhangings because she cannot afford to buy any is making a great mistake. In the first place, there is nothing that adds so to the "livability" of a room as well chosen curtains. But this does not mean elaborate, expensive, lace incrustated curtains or heavy, velvet or velveteen overhangs.

How many women have any idea what pretty curtains plain dye cost cheesecloth make? There is something about it that makes it hang just right. They may be hemstitched or finished with a narrow fancy edge. They are especially nice for bedrooms, but many women use them all over the house. A thin, crisp orange makes a pretty curtain also. They should be finished with a narrow ruffle, secured on with a heading and should be looped back with a narrow band of the material with a ruffle on the bottom edge. These are particularly effective in colonial rooms.

One can hardly pick up a woman's magazine nowadays without reading of the decorative value of drapery and curtains for overhangings. It can be bought as low as 20 cents a yard, and, if the pattern is selected with care, it may be split in the middle, making one length do for a window.

Striped and checked gingham is being used in dining rooms, bedrooms and kitchens. One woman used yellow and black checked gingham for overhangings in her blue dining room last summer, and the effect was very striking. She made little flat pads of the gingham and tied them to the sides of the chairs. These curtains should be trimmed with cotton braid or bull fringe.

If one wants plain colors cotton crape is very good for bedrooms, finished with bull fringe to match. There are even rooms done in percale, pink with rosebuds.

So many of our rooms that are now quite commonplace could be made so attractive for very little money if a little thought and ingenuity were used.

hexagon mesh with the flowing drape of crape. The brim of the hat is faced with conventional white crape.

### Small Detail in Dress.

The little things in dress that many women overlook are veillings, footweave, gloves, hats and handkerchiefs. Be sure that your gloves are properly proportioned and when you decide on a well fitting style buy no other. Dress a little powder into your gloves before you wear them and smooth all the seams straight, have the lines on the backs properly over the center of the hands and the fingers in the tips of the gloves. Keep your hats in their boxes until you wish to use them and put them back at once when you take them off. Always brush them before putting them away, especially if they are made of velvet or a dark material that shows the dust. Never carry a soiled or even crumpled handkerchief. These are only little things, but it is the little things that make or mar one's appearance.

### Coats Are Worn.

Wherever one goes in fashionable places in the evening one sees that the ultra smart women are not only wearing gowns and wraps to match, but are not discarding their wraps if the place can be entered by the public and not through cards of invitation.

This is the new idea—remember that unless you are at a dinner party or a private ball you retain the wrap as you do the coat to a tailored suit in the daytime.

### Childish Modes.

For the very small girl the short one piece smock over bloomers is a favored play costume and is made up in all the sturdiest materials, with touches of smocking, cross stitch, denture stitch or other embroidery or with tiny contrasting binding.

### About Pockets.

We are to be "pocketed" the coming season as never before, and who will admit that this fashion feature can fall to please us and inspire in our hearts and minds a very strong and substantial desire for new clothes?

## What To Do When Baby Has The Croup

Pennsylvania Mother Advises Use of "External" Treatment—VapoRub.

Jolly Penna Baby

What to do when baby has the croup is a serious matter in every home. In the South the universal treatment is a good rub over the throat and chest with Vick's VapoRub Salve. The body's own relief is the ingredients in the form of vapors that, inhaled with each breath, quickly relieve the breathing. In addition, Vick's is absorbed through and stimulates the skin, relaxing the nervous tension and taking away the tightness and soreness.

Last winter Mrs. W. M. Rosenberger, 128 W. Broad St., Souderton, Pa., tried Vick's VapoRub for the first time and writes—

"I have used Vick's VapoRub on my baby when he has had croup and colds in his throat."

Keep a little Baby-Guard in YOUR home! VICK'S VAPORUB SALVE

### SPOILED CHILDREN.

Begin With Baby in the Cradle to Train His Disposition.

A baby becomes horribly spoiled before the mother wakes up to the fact at all. If the baby yells for something he should not have let him yell. It is far better that he should have one or two prolonged yelling sessions so that he can find out that his yelling will do no good rather than that he should find out that he can always get his way by letting out a few shrieks.

It is positively unmeaning how the youngest babies seem to know whether they can impose on you or not. Your baby knows perfectly well whether you will yield to him or whether his shrieks will do him no good. If it is the latter they soon die out; if the former they continue until he has what he wants.

Just as when the child passes his first year and begins to walk and to talk you will not have such a hard time enforcing obedience if you have already showed the child in his infancy that you are not to be imposed upon. As soon as the little one is old enough to talk he is old enough to reason with. When you wish to reprimand him for a naughtiness don't smile, but talk gravely. The baby knows the difference, never for, and if you feel a desire to laugh at his cute expressions don't do it, because a laugh would spoil the effect and he would think you were not in earnest.

For the sake of your children's mental and moral welfare maintain discipline over them from infancy up.

### "Safety First"

The man who smokes and the waste-basket of wicker or other burnable fabric should never be trusted in a room together without trustworthy supervision. If he be of the artist folk still more so. It is advisable to put this matter strongly before him if the fire department arrive all too late.

The really desirable and efficient substitute where the businesslike metal receptacle seems too stiff and uncompromising a thing for household or studio use is a comfortably capacious jar of plain dark red or olive or soft gray earthenware. Into this may be tossed cigarette ends or cigar ashes or the contents of his pipe, even though still glowing, without the fire danger always being present. To the housekeeper the "big jar" has also the advantage that pencil chips, charcoal dust, scraps of nutshells or clippings will never "leak" from it and become manifest on the rug or polished floor, and the smooth glazed inner surface retains none of these when it is inverted for emptying.

Observe your enemies, for they may find out your faults. Antithese.

### Indian Relics.

A copper bullet stone or ceremonial weapon of ancient Indian days, which was unearthed in Fond du Lac during the digging of a sewer, is shaped like an ancient battle-axe and has two blades and a hole for a handle. It was found six feet in the earth and is believed to have been lost on the lake shore many ages ago, before the lake receded to its present level or built by a later generation of Indians. A cache of interesting Indian relics and weapons was dug up in the same city several years ago.—Exchange

### NEW PIER OPENED

It & O's Big Improvement at Curtis Bay Now in Operation.

The Baltimore & Ohio railroad's new export coal pier at Curtis Bay, in the Baltimore harbor, which is the largest in the world, and has a capacity of 12,000,000 tons a year, or a maximum capacity of 7,000 tons an hour, has been formally opened. The pier cost \$3,500,000, is of concrete and steel construction and is electrically operated.

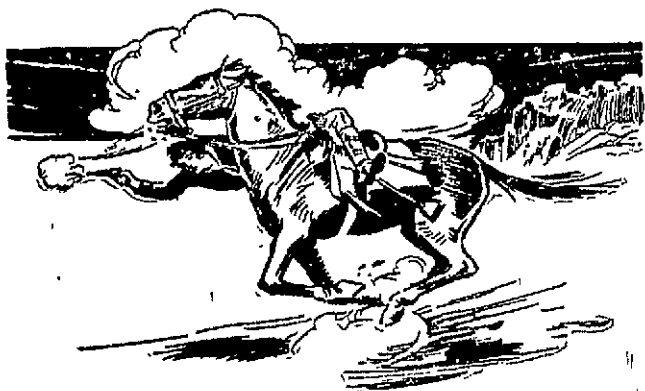

Work on the pier was commenced in February, 1916. Considering the magnitude of the work and the amount of special machinery necessary, as well as the condition of the material market, engineers consider that the improvement was constructed with remarkable facility.

## IRON WORKER IS WONDERFULLY MADE BETTER

After Taking One Bottle of Nerv-Worth Elmer Miller Gained 30 Pounds.

In what follows a very happy mother tells fellow-sufferers about the marvelous work done by Nerv-Worth in restoring the health of her extremely sick son. The pained-giver is Mrs. Margaret Miller who lives at No. 1, 18th Street, Wheeling. Weigh her remarkable words:

"My son Elmer, 27 years old, suffered with nervousness for several years. Very despondent at times. No ambition to do anything. No sleep—would walk the floor all night and keep us up all night also. We had four doctors and got no relief. Weight was only 118 pounds.

"Only one bottle of Nerv-Worth made this most wonderful change: Weight 118 pounds, a gain of 30 pounds.

"Gone to work. Feels good. Happy. Appetite good and digestion fine. Sleep, good every night. I CONSIDER HIM A WELL BOY.

"Elmer works for the National Tube Co., Riverside works. I cheerfully recommend Nerv-Worth to anybody suffering with nervousness.

"MRS. MARGARET MILLER. Albert Gels, Nerv-Worth Demonstrator at the Connelville Drug Co., this city, was demonstrating at Wheeling when the foregoing statement was made and he says Elmer Miller's recovery was one of the most wonderful he ever knew of. Buy a bottle of Nerv-Worth from Mr. Gels and put it to the test. Your dollar back if no benefits result.

## NEW RECORD IN EXPORTS

Of Iron and Steel Was Made in Month of January, Being More Than Twice That of a Year Ago.

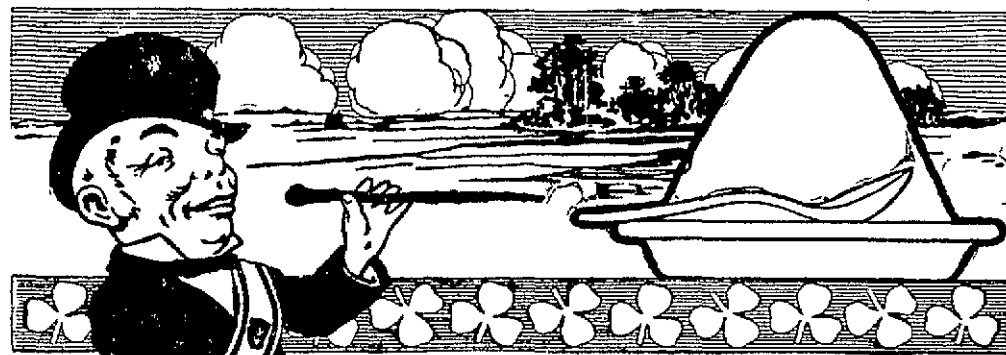

According to a statement issued by the Bureau of Commerce, United States Department of Labor, the value of iron and steel exports in the month of January amounted to \$108,128,840, or \$66,779,834 more than in January 1916 and almost \$20,000,000 more than in the month of December.

Until January 1917 September, 1916, with a total of \$90,895,592 held the high record for a single month. The extent of the growth in exports is well illustrated by comparing the total of February, 1916, \$16,181,135, with the January total of 1917, a gain of \$91,947,705 in two years.

The principal export during January 1917 was machinery, the value of which was \$23,965,460. Next in value came billets, ingots and blooms, \$13,235,150. This item was followed closely by fire arms, \$12,794,268. Steel bars, \$1,455,790, was next in importance, and steel rails next with a value of \$3,679,516. Next in order was steel plates, \$2,107,035. Other items of greatest value were Tin plate, \$2,692,551; tools, \$2,481,263; pig iron, \$2,378,061; barbed wire, \$1,837,601; other wire, \$1,804,280; nails and spikes, \$1,162,702; galvanized sheets and plates, \$1,000,955.

Exports of iron and steel for the seven months ended January 31, 1917, were valued at \$604,574,381, compared with \$309,965,569 the corresponding period the previous year.

Defeat Penn Bowlers. Connelville defeated the Penn team of Uniontown last evening in the finish of a "home and home" series started at Uniontown last Wednesday evening. The games ended with the final scores of 5-31 for the locals and 5-19 for Uniontown.

## March 17th

There's a dear little plant  
That grows in our life,  
Fresh and fair as the daughters of Erin  
Whose smiles can bewitch and whose eyes can command,  
In each climate they ever appear in.

## St. Patrick's Day

ST. PATRICK'S is such a big day with so many of the best American citizens that we decided it was well worthy of a special advertisement with plenty of Shamrocks and real Irish flavor thrown in.

Speaking of flavor—there's no better way to celebrate March 17th, than to order your favorite flavor of "the best" Ice Cream for dinner. The Shamrock and "the best" Ice Cream make a fine combination. You cannot go wrong on either. To be sure of getting the best Ice Cream order it by name—

## AGAINST POOLING

Youngstown Coke Consumers Do Not See Any Advantage in Movement.

The proposal of the Interstate Commerce Commission to carriers to arrange a plan for pooling coke and distributing it pro rata from chief centers among consumers, is meeting with little favor among the latter.

Conferences between the carriers and industrial traffic representatives have been held but with little progress being made. The scheme so far contemplated as affecting the Youngstown district is to pool the coke assembled at the Conway yards for points west.

"A car of coke seems to be a car of coke to the railroads and Interstate Commerce Commission, but it is not to the consumer," says one steelmaker. "There are various grades of coke, made for special purposes and the pooling of such fuel would result in a general mix up of consignments and firms getting fuel not suited to their needs."
